Donate to Educate 21/22

To all the ELS family,

Amazing thanks for the donations sent from your side.

I would like to express my sincere thanks for your contributions which proves that this event continues to be a Big Success.

We were able to raise « 53,843 LE » to cover a number of « 181 » needy students who have the right to be educated.

(please consider the big raise in students' school fees this year)

Our Elsian students have to know that their commitment continues to amaze us.

We appreciate your interest and look forward for more challenges and contributions next year.

***Money donated will go to students in**
